

Facilitator Profile

Dale Atkins
DA Consultancy

Dale is a highly motivated freelance consultant with over 25 years of experience working as a senior health professional within the NHS. Dale has gained a wide range of knowledge in the fields of commissioning; health service planning and service redesign both within the primary care and the secondary care sectors.

Dale is an NPAG Facilitator for both the Resilience Development Network and the Nursing & Temporary Staffing Best Value Group. Dale has also been involved in other NPAG projects including a business review of record storage and courier service; resilience planning workshop programme and supported An Introduction to Supporting the Bariatric Patient Workshop.

Outside of NPAG, Dale is collaborating with Productive Primary Care Ltd undertaking Access System Reviews in GP practices across the country and provides support to GP practices with the GP CQC Registration/ Compliance process. Dale is also working with GP practices regarding their Business Planning.
